

'Golden Pond' Boat

Heading for the Boston Boat Show at Hynes Auditorium is this 1950 model 22-foot Chris-Craft Sportsman, owned by Pat Curtin, left, of Eastern Classics, which appeared in the Hepburn-Fonda film "On Golden Pond," shot in the Lakes Region two summers ago. Curtin appears in the movie's credits as "boat supervisor," as he owns every boat which appeared in the film. Pictured with him is Jim Irwin of Irwin Marine. Both are members of the N.E. Chapter, National Antique and Classic Boat Club, which is offering Curtin's boat for display.
